

COLLIE SMOOTH

MINOR PUPPY BITCH

TALCOTT GENE RAIDER

Beautifully built, elegant bitch, very nice reach of neck, head proudly carried, ears well placed and carried, would like more parallel head lines and darker eyes. Tail of good length and carried well, moving well, for even better performance should be allowed to move free on the loose leash.

PUPPY BITCH

JENCOL SWING ON A STAR

Elegant bitch, well proportioned, moving well, tail set and carried well, long neck, nice head and expression, ears carried and placed correctly, needs more substance. Fragile overall impression.

JUNIOR BITCH

JENCOL TROPPED ON A STAR

Elegant, attractive sable, nice all over, good mover, nicely shaped body, would like more substance, nice reach of neck, head of good proportion, lovely expression.

ROBGAI NIGHTYME INPARIS

Beautiful tricolour, elegant, well built, good mover, should be handled on loose leash, good head, eyes, ears and expression. A little shy on the day.

TALLCOT LITTLE DOLLY DAYDREAM

Lovely blue merle, good size and proportions, good colour, free movement, would prefer quarters slightly more angulated in front and behind.

CH BAQUILODGE UKULELE LADY

Good size and proportion, lovely head, eyes and expression, needs more angulated front, which would give her more elegant and longer neck, consequently better front reach. Croup little straight, also a bit straight angulated stifle and hock. Good bones.

TALLCOTT CHANCE TO DREAM

Again, I would like better front angulations, for longer arched neck and better front reach, her croup is of good length and angulations, her stifles and hocks are well angulated but her thigh is connected to her croup under a wrong angle (too open) thus producing an imbalance in movement. Her head is well proportioned, feminine, with well positioned and carried ears, she's got lovely expression. Would prefer more clear blue colour.

LACEDALE GENUINE ARTICLE

Nice feminine head, ears, eyes and expression. Again, she could be slightly better angulated in front and behind, and a bit longer. I wish for a better reach of front legs, which would give her desired longer stride.

INTERMEDIATE BITCH

FOXBELL FINNISH NYMPH

Tricolour bitch of good size and substance. Would prefer slightly more angulated quarters and more flowing movement. Good head, eyes should be darker in colour. Good bone structure, good length and carriage of tail.

CH FOXBELL MISS FINLAND

A blue merle bitch, feminine head and expression. Again should be slightly better angulated, both in front and behind. Tail should be better.

CH CARLUKE FLIRTHWTH NOSKIRT

Tricolour bitch, rather light in body. Would prefer slightly more angulated front and rear, better reach of front legs. Feminine head, eyes should be darker in colour.

TALCOTT MORNING GLORY

Blue merle bitch, of good size, could be better angulated in front and behind, could have more reach of front legs in movement. Long tail. Nice head and expression, ears placed and carried well, only, her head could be better proportioned to her body size.

CH JENCOL JUST A GIRL

Well sized tricolour, nice feminine head and expression. She could be better angulated in front and her neck could be a bit longer and arched. Her rear end is correct with good drive. Still, the reach of front legs is missing in movement.

CH FOXBELL FAIRLY NAKED

Of good size, flashy, deep chest but a bit short upper arm and shoulders could be a bit better laid back, a bit shorter croup, needs better rear angulations. Hocks could be shorter, too. Would prefer better reach of front legs when moving. Nice feminine head and expression. Could use her ears better.

AUSTRALIAN BRED BITCH

FOXBELL FAIR LADY

Beautiful, impressive, strong, yet feminine bitch, dominant in posture and action. Well proportioned and balanced. Correct gait, tail carriage. Good blue colour.

CH BAQILOGE QUIETLY SINGING

Lovely sable bitch, correctly constructed, good in movement, lovely head and expression. Could use her ears better. If she were more free and open when showing, her performance could have been superb.

CH ROBGAI RADIANT LIGHT

Well sized tricolour bitch, correct movement, tail carriage, correct construction. Slightly stronger head, would prefer clearer stop. Softer coat.

CH COLLEGIATE IM STARDUST

Lovely head and expression, correctly constructed, good in movement. She should not be so modest in a show ring, she has much more to show than she does, and her handler should know it.

CH COLLEGIATE LITTLE RHEA

Lovely head and expression. Good front, only her rear should be slightly more angulated, providing more drive for the rear legs. Good bones and substance.

CH TALCOTT DREAM WAVER

Nice, feminine head, nice expression, good ears. Could be better angulated in front and could have better reach of front legs in movement. Tail well set and carried.

OPEN BITCH

CH KYLAIN RUMOUR HAS IT

Lovely tricolour, good bone and structure, good in movement. Good head and expression. Would prefer slightly clearer stop.

FOXBELL FIRST KISS

Lovely bitch, good size, bone and structure. Could have slightly shorter hocks, with a little more drive.

JENCOL ONE WAY OR ANOTHER

Lovely head and expression, correct angulations and movement. Reluctant to show her best on the day.

JEDFORD CALL TO DUTY

Nice sable, good bone and structure, moves well. Would prefer finer, more elegant head.

VETERAN BITCH

CH JEDFORD ESPIRIT DE CORPS

Lovely veteran, fit, in show condition. Correct, moving well. Nice head and expression.

VETERAN BITCH (10 years over)

CH JEDFORD LONE PINE

Another lovely veteran, in excellent condition for her age. Correct, nice head and expression.

NEUTER DOG OR BITCH

CH JEDFORD MILITARY MISS

Lovely sable, well constructed, well proportioned, moving smoothly with drive, excellent show condition.

CH JEDFORD BEHIND NMY LINES

Impressive tricolour, of good size and conformation, good head, good reach and drive in movement, excellent coat and colour. Would like longer arched neck.
