

## COLLIE SMOOTH DOGS

### **BABY PUPPY DOG**

#### COLLEGIATE COLONEL BLIMP

So beautiful puppy! I liked everything about him. Well constructed, moving beautifully, lovely head and expression, beautiful character, delightful puppy! Congratulations to the breeder and owner, too!

### **PUPPY DOG**

#### JENCOL THRILLS NOT FRILLS

Lovely sable dog, lovely head and expression. Correctly constructed, moving well. Rather light in body, yet with well developed muscles.

### **JUNIOR DOG**

#### ROBGAI ROCKI MTN HI

Nice head and expression. Could be slightly better angulated in front and behind to get the desired drive and reach of legs, and slightly better tail carriage.

### **INTERMEDIATE DOG**

#### CH MILBALIND THE MAGISTRATE

Good head and expression, good ears. Good proportions. Could be a bit more angulated both in front and behind. Tail set and carried well.

#### CH CALSTEAD SAN BENITO

Good head and expression. could be a bit longer in body and his thigh could be angulated slightly better to the hip bone, then his tail should be set and carried better.

#### CH FOXBELL FINE FINISH ONLY

Good type, balanced, could be more angulated in front which would give him better reach of front legs. Nice head, but his ears are folded a bit too much giving him a strange expression, especially for a smooth.

### **AUSTRALIAN BRED DOG**

#### CH KYLAIN STATE OF THE ART

Lovely dog. Balanced. Lovely head and expression. Correct in body and angulations. Moving well. Tail rather soft but well set and carried.

#### FOXBELL FULL MONTY

Well balanced blue merle. Good proportions, good in body. Moving well. Fairly long neck. Good head an expression. Blue colour should be clearer.

#### MILBALIND SIMPLY SMOOTH

Nice dog. Lovely head and expression. good size and proportions. Could be better angulated in front and have better reach of front legs when moving. Well angulated behind. Good movement of hind legs.

#### CH COLLEGIATE IM VOYAGER

Well sized sable, good head and expression. A longer neck could add to his elegance. Slightly shorter upper arm. Correct behind. Could have better reach of front legs in moving. Tail set and carried correctly.

#### CH YEDINKA DARE TO DREAM

Good head and expression. Good neck. Needs slightly more angulated front and much better reach of front legs when moving. Good angulations behind. Tail well set and carried.

**CH ELLYAR BREATH O HEAVEN**

Good head and expression, arched neck of desirable length. Good length of body. Tail set and carried well. Double tracking with hind legs, slightly out at elbows.

**OPEN DOG**

**SUNYTIME XTRA SPESH**

Lovely dog, lovely head and expression, of good size, well constructed, moving well with his tail well set and carried. Elegant and balanced. Excellent type.

**CH BAQUI LODGE QUIZMASTER HIC**

Strong dog. Good head and expression, good proportions, good body length, could have better angulations behind. Good gait. Tail of good length, set well, carried acceptably.

**CH BAQUI LODGE QUIVER N ARROW**

Good head and expression, good neck, good body length, could be slightly better angulated in front and behind. Could have better front reach. Tail well set and carried. His colour should be clear blue.

**GR CH KILSABEL BLUE SPRUCE**

Strong blue merle. Good masculine head and lovely expression. Nice eye, ears well placed and carried. He is slightly out at elbows and needs his shoulder a bit more laid back, which would give him more length of neck and better front reach. Good hindquarters and good drive. Tail well set and carried.

**CH/AM CH CORJALIN BLINDED BY THE LIGHT**

Nice dog, good head and expression, correct angulations, could be moving much better on a loose leash. With his head handled so high in moving, (which is not its natural position) his reach is much too short. Tail should be carried lower.

**CH BELL PEPPER'S GATE KEEPER**

Well proportioned, lovely neck, and good head. Ears rather soft, folded a bit too much. I would like him to have more substance. His tail should be better set and carried.

**VETERAN DOG**

**GR CH SEAVIEW INTH NICK OF TIME**

Lovely dog, nice head and expression. Correctly built, well developed chest, good hindquarters, moves well. Tail carried high. A bit overweight.
